ABOUT ME

A highly motivated and self-driven web developer with a background in mathematics. Eager to apply my knowledge in front-end and back-end development, I have gained experience with modern web technologies, including HTML, CSS, JavaScript, React, Express, and MongoDB. Currently, I am exploring TypeScript and Mongoose to enhance my full-stack development skills. I am looking for opportunities to contribute to a dynamic development team and further grow in the field.

SKILLS :

Technical Skills

Front-End Technologies: HTML, CSS, Tailwind, ShadCn, JavaScript ,Redux, React and NextJs .
Back-End Technologies: Node.js, Express.js, MongoDB , Firebase and Mongoose.
Additional Tools : TypeScript, Postman, Canva, Git , Github and VS code.

Soft Skills: Communication, Team Collaboration ,Continuous Learning ,Self-Motivation

EDUCATION: Chattogram Collage

- M.s.c. in Mathematics
- 2024-2025

National University ,Gazipur

- Bs.c. in Mathematics
- GPA: 3.21
- 2018-2023

PROJECT

Personal Project

- Developed multiple projects using HTML, CSS, and JavaScript to create interactive and responsive web pages.
- Implemented modern CSS frameworks such as Tailwind CSS to speed up development and maintain consistency across designs.
- Built dynamic, data-driven applications using React for front-end and Express with MongoDB for back-end.
